completed a thesis entitled

at the Institute of Nuclear Physics.

I hereby consent to the storage and processing of this thesis and the data, programs, and other digital products used in its creation on the IT systems of the Technical University of Darmstadt. Furthermore, I hereby consent to the use of this thesis and the data, programs, and other digital products used in its creation for future research, publications, and other applications by employees of the Institute of Nuclear Physics and, in cases of legitimate interest, for example, for the purposes of academic teaching or scientific research, to third parties. Consent for the storage and use of my thesis and the associated data can be revoked at any time in the future, providing a factual justification. In the event of revocation, the corresponding data may no longer be used for the purposes stated above. Revocation of consent does not affect the legality of the use that took place based on the consent up until the revocation. Unless revoked, consent is valid for an unlimited period of time. This consent replaces all consents for the storage and use of my thesis and the associated data that I have previously given to the Institute of Nuclear Physics.
